

# Eagle Hall, Lincs.

# SIPARIUM SPORTING

The Eagle Hall shoot is centred around a small Lincolnshire hamlet of the same name. Covering nearly 4,000 acres and comprising 30 varied drives, this shoot has something to offer everyone.

The shoot offers some exceptional partridge shooting over hedgerows in the traditional fashion. Alongside these there are a growing number of pheasant drives utilising the varied topography around a large, central, established woodland. In tandem with outlying spinneys and copses this beat provides great sport.

All days at Eagle Hall begin at the recently refurbished shoot lodge, offering a comfortable space to catch up with old friends and enjoy a coffee before heading to the first drive in the brand new gun bus.

Full hospitality is provided, including drinks and nibbles at elevenses, along with a wonderful home-cooked shoot dinner and delicious cakes.
