

Roving Syndicate Terms & Conditions

All guns making a booking on a Siparium Sporting Roving Syndicate shoot day agree to the following terms and conditions:

1. Siparium Sporting

Siparium Sporting shall, henceforth, referred to as 'the agent'.

2. Insurance and Certificates

- (a) All guns must be suitably insured to partake in shooting sports. We recommend the insurance provided to members of BASC.
- (b) All guns must be in possession of a shotgun certificate.

3. Equipment

- (a) The agent can provide shotguns and cartridges on the day of the shoot if required by a gun. This shall be by separate agreement. If you wish to hire a shotgun advanced warning is required.
- (b) Double-gunning is not permitted on our roving syndicate days.
- (c) Pump action or semi-automatic shotguns are not permitted.
- (d) We request that guns use only fibre wads on all of our shoots.
- (e) Guns are reminded that non-toxic shot **MUST** be used where required by relevant legislation.

4. Shoot Cancellation & Conduct

- (a) In the event that the shoot day is cancelled by the shoot provider or the agent, the gun(s) shall receive a full refund of all monies paid.
- (b) Notwithstanding clause (a), the shoot provider or his/her representative may reserve the right to cancel the shoot due to the following circumstances without accepting legal responsibility to reimburse the guns:
 - (i) Before shooting begins, in the event of adverse weather conditions, storm damage, flood or heavy snowfall or if for any other reason including but not limited to the activities of demonstrators or saboteurs he considers it is unsafe or impractical to commence or continue shooting; or
 - (ii) If, on or before the date of the shoot, any government agency shall have banned shooting or the shooting of species which normally comprises the majority of the Bag.

In such events the shoot provider, at his/her absolute discretion, may make an appropriate deduction from the price, or offer an alternative days shooting, which shall be passed on by the agent. Neither the shoot provider nor the agent accept any legal responsibility to reimburse the guns in the event of cancellation under this clause. As such, we recommend all guns take out cancellation insurance to cover all eventualities.

- (c) In the event that a gun cancels their booking, all monies paid shall be forfeited, unless the agent is able to find a replacement gun – in which case a refund will be provided, minus 20% to cover administration.

(d) The agent or any representative from the shoot retains the right to stop any gun from continuing to shoot if they believe that the gun poses a safety risk. In such cases, no refund will be given.

5. Shoot Day Organisation

(a) The shoot provider and/or the agent will provide a representative to accompany the team of guns throughout the day.

(b) The shoot provider and/or the agent have absolute discretion as to the conduct and organisation of the day – including, but not limited to, the order and number of drives to be shot.

(c) Guns shall convene at an assigned place and at an assigned time before the shoot begins. This will be promulgated prior to the shoot day by the agent. The draw for pegs will take place before the first drive. Guns who are late to arrive may miss one or more drives. No refund will be available in such circumstances.

(c) As per clause 3(d), the agent and representatives from the shoot retain the right to stop any gun from continuing to shoot.

(d) Ground game shall not be shot unless otherwise, and specifically, directed.

6. Catering

Catering will be provided as laid out in literature prior to booking.

7. Loaders & Instructors

Guns are welcome to bring their own loaders or instructors.

The agent can book loaders or instructors on a gun's behalf. In such cases, they shall be paid directly, in cash, on the day.

8. Gratuities

Gratuities are not included in any booking. All tips should be at the gun's discretion and based on his/her enjoyment of the day. The agent will be happy to advise if the gun is in doubt regarding an appropriate tip.
